1. There is a smelting and rolling mill factory about 500 meters south of Kamenice (050/196) along the Nova Hospoda-Tynec nad Sazavou road.* (See attached sketch.) The factory is located on a 500 x 500 meter plot east of the above-mentioned road and is surrounded by woods. The factory plot is fenced by barbed wire and is guarded by a workers' militia consisting of 30 men commanded by Antonin Fiala.
2. The factory employs 1,500 persons and has its main office in Prague II, Lutzowova Street.
3. The factory produces copper and brass sheets and cartridge cases for guns of various calibers. Finished material from this factory is transported to the Armament Factory at Tynec nad Sazavou.**
